WORK EXPERIENCE

SSF Designs | Frontend Developer

April – June 2025

Delhi NCR, India

- Worked on data structuring and content optimization across **400+ product** and profile pages, improving digital discoverability and enabling clean data pipelines for fraud pattern detection in **UPI-based** analytics systems.
- Collaborated with cross-functional teams to enhance platform **security** hygiene, ensuring accurate **information flow** and contributing to early-stage detection of suspicious **transactions** and **fraudulent** user behavior.

UPI Fraud Detection using Machine Learning | Project

- Developed an **AI-driven fraud detection model** to identify malicious UPI transactions using Python, scikit-learn and XGBoost.
- Engineered transactional features from remarks, URLs and OTP patterns; improved fraud-class recall by **63%** over baseline logistic regression.
- Processed and cleaned **~650 synthetic UPI records**, implementing TF-IDF and normalization techniques for robust model performance.
- Deployed results through an **interactive Streamlit dashboard** for real-time transaction risk scoring and visualization.

EDUCATION

B. Tech. in Computer Science, University of Calcutta

June 2023

SKILLS

Programming Languages	Python, C, SQL, HTML, CSS, JavaScript
Frameworks	scikit-learn, pandas, numpy, matplotlib, XGBoost, Streamlit
Database	MySQL, CSV, PCAP, JSON
Tools and Others	Wireshark, Power BI, MS Excel, Git, Linux, Jupyter Notebook
Core Subjects	Operating Systems, Computer Networks, Computer Architecture

CERTIFICATIONS

- Earned Oracle Cloud Infrastructure AI Foundations Associate certification, demonstrating core knowledge in AI/ML principles and OCI AI services. | [link](#)
- Completed Prompt Engineering for **Gen-AI** by IBM Skills Network. | [link](#)
- Graphic Designer at Hult Prize Program (Campus level). | [link](#)
- Completed Palo Alto Networks Academy Network Security Fundamentals. | [link](#)
- Worked on WordPress and Elementor for client projects to create SEO-friendly, responsive web pages using HTML, CSS, JavaScript and MySQL.
